

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

			Cabin Boy	0 16 0	1 8 9

and Western Australia ; for the other states the figures refer to inhabited dwellings only :—

Dwellings, with—	New South Wales.	Victoria.	Queensland.	South Australia.	Western Australia.	Tasmania.	New Zealand.
One room	7,915	6,861	3,888	2,982	14,435	717	8,147
Two rooms.....	16,273	11,470	5,782	5,778	7,308	2,529	10,462
Three and four rooms	79,388	86,878	25,108	31,180	17,273	12,923	45,490
Five and six rooms	98,641	84,914	31,924	24,061	7,319	8,198	22,585
Seven to ten rooms.....	43,844	42,242	16,158	11,086	2,836	4,158	38,542
Eleven to fifteen rooms.....	6,923	5,615	2,104		647		
Sixteen to twenty rooms.....	1,612	1,157	548		236	1,908	
More than twenty rooms.....	1,206	900	529		200		
Number of rooms unspecified	5,880	3,783	423	840	612	2,632	547
Tents, etc.....	7,086	3,423	12,555	2,245	5,118
Total	288,771	241,410	93,737	75,854	50,970	36,470	158,898

In the case of those states where no information is given in the table respecting tents, etc., the returns are incorporated in the first two lines of the table. From the foregoing figures it will be seen that in Australasia there are over 5 persons to every occupied house.
